01 · HOW TO USE THIS WORKSHEET

1. Return to your Module 1 baseline ratings in your YLOS.
2. Re-rate yourself right now on each of the four RISE pillars, 1–10.
3. For each pillar, name one specific moment from this course that represents your growth.
4. Be honest — growth isn't always even across all four pillars, and that's okay.
5. Add your completed assessment to the RISE Growth Assessment section of your YLOS.

06 · REFLECTION

1 Looking at all four pillars together, where did you grow the most — and what made that growth possible?

Name the pillar, then name the specific thing that drove that growth.

2 Where did you grow the least — and is that a gap you want to keep working on, or does it reflect where you already started strong?

Both answers are valid. Be honest about which one is true for you.
